POLICY AND PURPOSE

The ERHCC provides guidance and information to coordinate support for coalition members, local emergency responders, tribal emergency responders, State agency partners, and volunteer organizations to address the delivery of public health and medical services and programs to assist Montanans threatened by potential or actual disasters.

This plan does not define or supplant any emergency operating procedures or responsibilities for any member agency or organization in the ERHCC. It is not a tactical plan or field manual, nor does it provide Standard Operating Procedures (SOP). Rather, it is a framework for organization and provides decision-making parameters to use against unknown and unpredictable threats in an all-hazards planning and response environment. This plan intentionally does not provide specific or quantitative thresholds for activation or demobilization of organizational structures or processes described herein. Such determinations are situation-dependent and left to incident management. This COOP is designed to minimize the loss of operational ability of the Coalition in order to sustain operations and continue support of healthcare entities within the region.

ORDER OF SUCCESSION

During or after a disaster or any other event described herein, in the long-term absence or inability of the ERHCC Chair to perform executive functions, the following are authorized to act on behalf of the ERHCC Chair in the order of succession listed until his/her return or until the Executive Committee names a replacement.

- 1. ERHCC Co-Chair
- 2. ERHCC Regional Coordinator
- 3. Healthcare Coalition Director
- 4. Healthcare Preparedness Program Manager

The Executive Committee may, at their discretion, modify this order of executive succession and may appoint a person other than those listed as acting ERHCC Chair.

Name	Title	Address	Contact Info
Peter Leyva	ERHCC Chair	312 South Adams Avenue PO Box 156 Terry, MT 59349	(O) 406 635-5511 (C) 307 431-5285 (F) 406 635-5510 pleyva@pchc-mt.com
Clay Lammers	ERHCC Co-Chair	PO Box 103 352 Leavitt Avenue Jordan, MT 59337	(O) 406 557-2540 (C) 406 977-2540 (F) 406 557-2567 Gcsheriff501@gmail.com
Todd Opp	ERHCC Treasurer	202 Prospect Drive Glendive, MT 59330	(O) 406 345-3366 (F) 406 345-3367 Topp@gmc.org

Roberta Kavon	ERHCC Regional Coordinator	717 Douglas Avenue Plentywood, MT 59254	(C) 406 489-3182 Robeta.kavon@mtha.org
Cindee McKee	Healthcare Coalition Director	2625 Winne Ave. Helena, MT 59601	(C) 406 457-8027 Cindee.mckee@mtha.org
Don McGiboney	Healthcare Preparedness Program Manager	1600 E Broadway St Helena, MT 59620	406-444-5942 dmcgiboney@mt.gov

DELEGATION AUTHORITY

All authority can be delegated expressly or in the event that the position cannot be reached within a reasonable amount of time.

ERHCC Chair has the authority to delegate responsibility of any of the responsibilities set forth within the bylaws to any member of the Executive Committee including the Regional Coordinator or Healthcare Coalition Director.

Healthcare Coalition Director authority will be delegated to the MHREF Foundation Director with input from the Regional Coordinator and Healthcare Preparedness Program Manager.

In the event that the Regional Coordinator is unable to fulfill responsibilities, the Healthcare Coalition Director will delegate the responsibility to the most readily available Coordinator.

Ultimate delegation authority for any function lies with Healthcare Preparedness Program Manager.

As the fiduciary agent, MHREF would maintain all contractual obligations.

ASSUMPTIONS

The following are the planning assumptions for the purposes of this framework:

- First and foremost, the most important priority it to ensure a secure, safe, and stable work environment for all parties involved.
- All organizations have their own COOP plan and EOP.
- Disasters will occur and they will affect the operation of the coalition and/or coalition members. There will be shortages of supplies and staff.
- Not all emergencies or disasters will require full activation of this plan. Montana is susceptible
 to naturally occurring events and other types of incidents that may require varying levels of
 response. This plan is based on a worst-case incident but is able to adapt to the severity of the
 current incident/event.
- Disasters will require varying levels of response; each response will be conducted at the lowest possible activation level to effectively and efficiently handle the situation.
- The initial response to a disaster will likely resemble the routine response to an everyday occurrence.

- Local, state, tribal and federal responders will have overlapping responsibilities.
- Incidents may occur without warning and at a time when some offices are closed.
- In a major event, press will be present.
- Staff will make every effort to respond to individuals who are affected by a crisis or emergency with concern and compassion.
- Our response during incidents, emergencies, or disasters focuses primarily on coordination and
 is based is based on the availability of resources. If the response requirements go beyond our
 capabilities, State assistance will be requested to County DES (Disaster and Emergency Services).
 Integration of other personnel into our staff pool may be necessary.
- At times, staff will not be available to perform their duties. The lines of succession for leadership will be according to the guidelines outlined in this document.
- When this plan is activated, all or parts of the plan may be implemented. Partial or full implementation of other emergency response plans may also be required in conjunction with this plan.
- Communications, both internal and external, will be a challenge due to availability of service.

ACTIVATION AND RESPONSE FUNCTIONS

Triggers

Any incident that occurs that threatens the normal day-to-day operations of the ERHCC would trigger activation of this COOP plan. An incident may include a man-made or natural disaster or any other circumstances that causes a person to be unable to perform required duties. Activation of this plan with occur upon the request for assistance from any healthcare entity within the region.

Immediate Actions

Inform all relevant parties of lack of ability to perform duties assigned. Information and documents will be shared, along with pertinent knowledge, to all parties concerned and succession or delegation plans will be enacted.

Timelines for Re-Establishing Operations

In the event of loss of communications/internet, etc. we will explore all avenues to reestablish services as quickly as possible. In the event of protracted loss of ability to perform duties, relocation to an alternate worksite may be considered as a feasible option.

BUSINESS IMPACT ANALYSIS (BIA)

Due to the contractual relationship between DPHHS and MHREF, there is inherent redundancies that would limit and/or eliminate any severe business impact

ESSENTIAL SERVICES

- Coordinate and Collaborate
 - Maintaining communications with healthcare entities within the region and as well as the ESF 8 lead agency
 - Supporting redundant, replacement, or supplemental resources, including communication systems for essential Coalition functions as able

- Providing support and situational awareness to healthcare entities as able
- Maintaining any and all contracts held by the Coalitions and/or the HCC program.
 - Including but not limited to:
 - Juvare
 - Concordance
 - State of Montana DPHHS
 - Any contracts related to education or training events
- Ensuring access to and use of funds within the ERHCC budget per the bylaws
 - o This may include normal processes such as reimbursements, timesheets, expenses, etc.
- Ensuring access to and use of all records, forms, and documents relating to the Coalition which reside on the MHA server

TRANSFERRING OPERATIONS TO ANOTHER PARTY

Catastrophic regional damage or other significant disaster causing complete disruption of Coalition operations and/or dislocation of staff may indicate need to temporarily or permanently transfer Coalition operations to another entity (such as another regional coalition). The Healthcare Coalition Director or designee, in consultation with the Healthcare Program Director, would explore this issue with DPHHS, identify a receiving entity and facilitate the transfer. (Eastern Virginia Healthcare Coalition COOP)

Based on prior experience, all Coalition Coordinators are ready, willing, and able to fill in any gaps necessary to ensure compliance with all grant guidance, deliverables, and normal work procedures. Familiarity with each Coalition's documents, plans, and processes would enable seamless transfer of duties and/or responsibility amongst Coalitions.
